If you are like this man, over the years You have probably purchased a variety of Life insurance policies for varying amounts, perhaps with different beneficiaries and varying methods of settlement.

At the time you bought each policy, its purpose was clear. But is it now? Looked at today, in the light of changing conditions, do these policies still do the job you intended them to do? The answer to that question

calls for a study of your program.

To help you get your policies under control and up to date, your Metropolitan Representative will develop a personal brochure so you may easily review and manage your surance protection.

It is called "MY LIFE INSURANCE PLAN"—

a loose-leaf booklet, custom-made to your needs by the man especially trained to do the job . . . your Metropolitan Representative. "MY LIFE INSURANCE PLAN" arranges you program in a precise, easy-to-understand form. Here is what it contains:

Liability loses from auto accidents can be expensive, and without liability insurance you could lose your home, your car, property, assets and savings, a large part of your income for years to come, and your motor vehicle license or your right to drive.

And without liability insurance you will have to pay an extra \$5 to drive!

The Ontario Highway Traffic Act requires Ontario Highway Traffic Act requires Ontario motorists to present a Liability Jasuranco Certificate when applying for their Motor Vehicle Owner Permits and ticense plates. If you can't show this certificate you must pay an additional \$6.00

for each Owner Permit and set of plates. Your Alistate Agent can show you how to set this needed certificate.

DON'T DRIVE ANOTHER DAY LONGER WITHOUT LIABILITY INSURANCE!

A policy for Fire, Theft and Collision is not liability insurance! It does not protect you from the risks of liability loss de-scribed above. Be sure you have the

Mr. J. N. McKibbon of the American Optical Compan here, received a clipping from a chap in the same company who is touring the Far East.

28-1 victory over the West Germans.

Mr. McKibbon exprises his surprise at the length of the liens and at the securery in regards to players' names.

correct. Accuracy is stressed all the way librough, mentioning that All Developers stands six-foot-three, that George Dolloy's it be security-ricessum of the Cansolina Annamatican general manager and that' George Gosselin is a left winger, as a beginner.

Mr. McKibbon mentions that be hopes the Chinese won't think we (the McFarlands) are rough-house lum-berjacks. Providing all the publicity given the Macs while in Europe is as accurate as the Hong Kong story, we are sure it will not cause any false impressions.

Employees in just about every factory and shop in Belie-ville. Trenton, Batawa and the surrounding districts have been buxy the past week signing their names to the Booster Chub's "telegram of support" being sent to the McFarlands prior to the world tournament.

Now the time has come to get the glant message n its way and all those looking after the lists are asked have them prepared. Persons will be around today aft tomorrow to gather the lists, since the telegram will e on its way immediately.

Those in charge of the operation have asked that, about any lists be overlooked, they be taken to the Canadian Facilic Telegraph Office, or Bill Cook's or Jack Diamond's Front Street stores as quickly as possible.

Cost for signing the telegram was 50 cents per pe-and according to early reports the response was good. proceeds will be used for the Macc' homecoming celebra and to help buy gifts for the players.

It is playoff time on the basketball couris and several teams from the Quinke district are sharpening up for coming series.

Jim Van Vliet, who handles the Albert College squads, orms us that his senior "B" club has captured the Bay Quinte COSSA "B" title for the eighth consecutive season.

Jim has a sharp squad which went through the season with seven wins and one loss. By the way, that loss was turned to victory when the other team was found to be using an ineligible player, so, according to the coach, Albert is undefeated at this point.

They defeated Madoc in a two-game, series for the Bay of Quinte championship 49-34 and 41-33 for a total win of 90-67.

Albert will be competing in the COSSA rnament this coming Saturday in Oshawa.

The Saints, sparked by some up-and-coming stars, such as Green, Watters and Fitzpatrick, to mention a few, won the district "A" championable over BCIVS, Napance and Picton.

They, too, hit the playdown trail Saturday, treking to eterborough to participate in the COSSA "A" tournament eing held there.

In the OABA Intermediate playoffs Teenton ousted the Selleville Quakers by a 133-92 score In a points-to-count eries. Trenton wrapped it up Saturday night with a 50-43 rictory in Trenton.

BELLEVILLE, ONTARIO, THURSDAY, MARCH 5, 1959

On the banks of the River Avon at Shakenare's homelown of Stratford-on-Avon, Eng-id, is this internationally-tamous Menerial seate where groon early spring to late fall each year the plays of Shakespeare are mend by England's leading sound act-use. This year will see the 100th preca-tion of the Shakespear Petival in his home-

ever, is not a centenary although it is the 100th. The first was in 1879 and for a number of years there were two festivals each season. By 1934 this was combined into a single full six-month season. The first theatre, seating 800, was burned down in 1926, The present theatre with capacity for 1,300, was built from local funds and doastlons from around the world.

Two Belleville teams, Wellington, Napanee, Trenton cion, Kingston and Cooper will take park in the tournament with the winning club receiving the 'Harry Rollandphy. Individual crests will be awarded to the winning

The two Belleville teams will swing into action in the first game in "A" series at 1.50. Weillagton and Napanee meet in "B" series at 2.3. Pration and Picton play in ("earlies at 3.30, with Kingston meeting Cooper in "D" series at 4.30. All these games will consist of three periods of 15 minutes straight time with short rests between periods.

Winners at the was not retrieved in the series at 5.45. Winners of "C" and "D" series will meet in "E" series at 5.45. Winners of "C" and "D" series will meet in series "P" at 7.00 p.m. Then at 5.26 the two penalaing undefended teams will clash for the triphy and cresit. The last three games will have two straight-time 15-minute periods and one stop-time period.

Ontario Minor Hockey Association playing rules will govern all tournament play. The players must be under 12 years of age as of August 1st, 1958, but any boy whose birtiday falls on that date will be accepted.

A Belleville committee member will be delegated to act as best for each visiting team. He will make sure the teams are acquainted with all the tournament rules and details. Het dogs and "cokes" will be served to all the players, coaches and managers.

The two Beleville teams have had a few practice sessions and hope to make a good showing in their home-town tournament. One will be knocked out in the first round since they play each other. Those arranging the schedule felt this was only fair to the visiting teams.

One Belleville club is coached by Messrs. Muldoon, manh, Smith and Foley. The lineup consists of Jerry allows, June 1998, and the June 1998, and t

The second Bellevilli et ann has Mesus, Fercy, Wil-liams, Moon and Morran as coaches. Flayers on the club are Bob Percy, Bill Hallam, Dave Bowbelham, Sieve Elhier, Dogg Dickey, Larry Siewart, David McLean, Paul Williams, Jim Meens, Dave Hirst, Paul Stinson. Brian Derry, Sieve Turner, Dave Billey, Ron Lancaster, John Doran, John Shinner, Ian Morris and Jim Lawley.

. . . Harry Rollins, peewee hockey convener in the city, will be in attendance to present his trophy to the winner. Know-ing the enthulasm shown by "The Senstori' during the St-urday morning league games, we expect he will be as close to the lee as possible during every game to cheer the boys.

It is hoped that as many parents, friends and fans in general, as can possibly make it will drop into the areas sometime during the day. The kids are really fon to watch and you will be surprised at the brand of bockey dished up by these stars of tomorrow.

Joe Fan, your attendance is required to help make this tournament a success. The youngsters are not after money, just a little applause for a good play. Don't let them down.

FOR THE PARADE

The Booster Club is already making plans for the face' homecoming celebration and from early reports will be a dandy.

Right now, however, there is a need for bands, non-commercial floats, majorettes and clowns. Anything clae you think might help make this a grand parade will be considered.

If you can help with any of the above mentioned, please contact Jim "Snipe" Matthews or "Varpy" O'Brien or Fred Smith at the Firehall.

CORRECTION — In yesterday's column we reported that CJBQ would be broadcasting the first and second periods of each world tournament game. That should have read second and third periods. Broadcast time to-morrow in 2.30 a.m.

Tears are secreted (given off as a secretion, as the dictionary says) by giands in the equilds.
Exactly how much is hard to fell because the amount varies so much. The main function, however, is to wash out irritating materials. (We all know fumes, even just plain cold air.)

But there's also an emotional factor, or nervous factor. This inn't unusual: there's a nervous factor in sneezing, coughing, even vomiting Emotion can bring tears! Usually it is grief.

Families are always OUTGROWING things!

... here's the quickest, surest way to sell them what they need!

Growing families will OUTGROW 'most anything you can think of, from houses to clothes . . . from furniture to shoes. Add them all together and you have just about the biggest, most responsive market in town. Give a thought to their buying habits, and you can start a wave of new business coming your way. Here's the way it is. Because they need so MUCH, they must buy WISELY. To make every hudgetary dollar do full duty, they study the ads in this newspaper carefully before they buy. To make your advertising dollars do full duty, put them to work where growing families start shopping: HERE!

"Why don't we have a clothes line?"

"We don't need one, son. We have an automatic electric clothes dryer." With the wonderful convenience of a modern electric dryer there's no more need to lug heavy loads of wet wash out to the line. No more watching for "drying days."

In any weather clothes dry indoors, automatically . . . fluffy and sweet smelling ... or, with just the right amount of dampness for ironing. Laundry is only one of the many tasks you can do quickly, easily and economically with electricity. You get more out of life when you get the most out of electricity.

Yours truly, along with just about everyone else, expected the Mars would do battle with the Russlans in the
wind-up game. In past years the custom has been to pil
the two Tavorites against each other on the last day. It
makes the tourney all the more exciting, since both team
are unually underteated and the game-winner is the champion

Apparently those in charge of scheduling the final games are leaning towards the Czechoslovakh team as co-tarorties with the Maci. We will not be surprised to see the championship settled before that final game. In our opinion the Russians still have the team for the Mass to best when the chips are down.

The Maci were warned before leaving Canada that the Russians would try and give the impression that they are week in an attempt to make us overconfident. Perhaps the USSR tacilles have fooled the men in charge of the tournament more than they have the Canadians. Perhaps they are being taken in and mede to believe that the Russians are not the best Duropean team in the Tournament.

By the time this hills the streets the results of the first Canada-Crechoslovalia gene will be histor. We are hoping that the Mass will have given the Creche a hoc-key lesses as they did Rinal schooling for the commis-ration of the commission of the commission of the commis-wer's play, with the picty to teams from each division competine, will be done tomorrow. If Canada whips the Creche in the dirth meeting perhaps we many release Runsla and Canada instale in the March 15 game. But it is hards to try and thinks pomene clerch thoughts.

Let us not give the Impression that the Maes are under-eatimating the other teams. Sweden or Czechsłovakia could upset the Maes ber/and Russia. Perhaps the United States might come up with an Inspired effort and pull a win over one of these favored clubs.

ne of these favored cities.

But the fact remains that the Mires have been concentrating on beating the best Europe has and they binks
and the proper measurement of the proper series of the proper series

with a sew hinks they will. Can there help but be a letdown? Not an intended trickown, mind you, but with
when you have beaten the best, the sharp often may be

duled, perhaps just cought to have a vector rule by

As you might have guessed by now we are in favor of naving the Russla-Canada-game until the final day. But then, too, if the Maes stay up for the whole tourna-nent, and play the hockey they can, it worn make much dif-erence in which order they meet the European teams!

Sports Editor Carver's notes from Bratislava follow-ing the 3-0 win overy rotand tell of the brilliant play of "Red" Bereason. "Red" must have continued that brand of bockey in pasterday's win, too, racking up his second hat trick in as many days.

George says the Macs should have b corge says the stars about have had a dozen more ball against the Poles as they had inlettly per cent of the play. He expects Gordie Bell and "Wiener" Brown back in action in time for today's game and says that nearly all the Macs have had alight colds.

He reports that Berenson with his great hustling hockey and big Al Dewsbury with his rink-length rushes are favorites with the fans. Both Bell in the 9-0 win and Edwards in the 23-0 victory have been underworked but they made the saves on the few occasions they were

Berenson's six goals is a top mark in the first two games while Boucher, Gosselin and McLellan have four and Brad-ley and Dowsbury have three apiece.

Joe Crysdale, who writes a bowling column in one of the Toronto papers; passes along word that Phil Lott's 1,161 triple here this week is a new Canadian record.

According to Crysdale, who offers his personal congra-tions to Phil. for his terrific games of 343, 376 and 442, old record was 1,157.

C. Thoms, of Kirkland Lake, rolled his 1,157 triple in 1857 and up until Monday night of this week, when Phil came through with his magnificent effort in the Canada Cement league here, that record stood.

World record or not, we have received no further word, but Phil can be very proud of his Canadian record, one which will likely stand for some time.

Who says you can't afford a Chrysler?

Now you can own the pride and perfection of a Chrysler at the cost of an ordinary medium-priced car!

If you've ever had-the vague suspicion that the wonderful Chrysler automobile is priced a notch above your budget, perhaps it's time you took a look at the price tag. Because here is the naw kind of Chrysler that's now right down in the medium-price field. Windsor, you see, is a budget-pleaser as well

as a pulse-stirrer. And it's brim-full of features you find only on Windsor in its class (Wonderful Torsion-AIRE Ride and pushbutton driving, for example!).

This is the Chrysler you've been waiting for ... the Chrysler that's so much easier to own this year? See it. Admire it. Price it. Soon!

QUALITY CANADIAN PRODUCTS MADE FROM QUALITY INCO NICKEL

In Canadian restaurants, the trade mark of cleanliness is Stainless Steel

Cleanliness, yes! And beauty, too. Nickel-containing stainless steel protects the food you eat ... and makes the restaurants you eat in more attractive.

Nickel-containing stainless steel resists corrosion from the organic compounds present in foods. It is easy to clean . . . and it has a rich silvery lustre that stays bright and beautiful for years. No wonder so many modern Canadian restaurants use stainless steel equipment. Nickel helps give stainless steel its lasting beauty and its exceptional-

resistance to rust and corrosion. Another example of quality Canadian products made from quality Inco Nickel. Write for a free copy of the colour ful 32-page illustrated booklet entitled "The Exciting Story of Nickel."

A chap by the name of Pete Conacher took over as the club leader in the two weekend games. He scored three or Saturday, the first three, in fact, when the Czechs seemed to be holding the Mace's scoring punch down, and baged another pair this morning.

Penalties kept the Macs' attack under wraps to a certain extent Saturday but the lack of a power play by the Crechs was very prominent.

Now comes the big test. The Macs have Tuesday off, then run into Russia on Wednesday at 2.00 p.m. This is the "moore" game and according to the boseman, the bors are ready.

Well, according to Sports Editor Carver's telegraphed as from Prarac, not a thing. George skys big Al is ying fine hockey, but his size is against him, as he ches the eyes of the referees almost every time be

He says that the Crecks started the game by hitting hard and using elbows and high sticks. But the Mace, who can just piles type of game with any club, hit back a little bit harder. The Crecks were coming in with their hends down and that is something you just don't get wary with against fellows like Downbury, Beneit and the boys.

Apparently someone along the nare said something that give used rall skin. Carver said to the ride Saturday, unless we misunderstood, that it was apposts writer sealed near him. The person also grabbod of evenbury. Al skated toward the boards with his strick held fight. The rest of the Mass reasoned sound and the refree cated into the picture with a penalty for the. He taked it was a penalty for the like died and had as misundoots ententers toward in his layer.

George says that a Finn playerd cross-checked "Wiener" Brown twice across the back of the neck. The "mighty midget" prompty dropped his gloves and went after the Finn player. Here, "Wiener," likely earned his major penalty. But the fact is that the Finn player who started the whole thing with his stick did not receive so much as a minor

Let's not start picking any of the boys apart before we know what is going on. * * *

Setting back to the Creek game, George quotes like as saying that he was happy with the way the boys played, but creds that they will not reach their pack until the Russian game. The coach said, after the game, that the Mars were as well conditioned as the Creek who are said to be among the world's best conditioned athleter.

The Macs were said to be going top speed for the full 68 minutes. Gordle Bell came up with a brilliant save when a Czech forward broke in on him all alone on the jinks play of the game. George also credits Lamirande. Benoît and Bradley with terrifle penalty-killing Jobs.

Turning to the 6-0 win over the Finns he claims that the
ce should have won by a dozen or more goals. "Their
saing and shooting were off around the net but they hit
post six times and Bart Bradley, who was fying, missed
open net right in close on two occasions,' says George.

He goes no to still of a goal being disallowed, the of-ficials claiming it was kicked into the net, and says the Maco hit the post thr position as they kept: a driving attack in the third.

Meanwhile the Russians won their first game in the finals over the United States by a score of 5-1. They potted a pair of goals in the last minute as the U.S. battled all the

The Runians have been winning by rather small scores but we think they are still the team to best. However, don't be surprised to see the Mass play the game of their lives tomorrow and if they do there will be no stopping them. Game time is 2.00 p.m.

INDUSTRIAL BOCKEY

Russ Soule, president of the Industrial Hockey League, opped into the office yesterday morning to report that the al series between Sports Centre and Hillcrest Wreckers Il wind up this weekend.

The series is tied at one game apiece right now. It was originally planned as a three-of-live affair but because ice at the arena may be taken out shortly it has been changed to a two-of-three set.

So the weekend game, at II noor, will settle the cham-plouship for another season. The clubs are evenly matched Sports Centre with the cager veterans and Hillerest with young speedslers, so "you pays your money and takes your

The sequence of pictures shows the procedure of taking snow samples, a process which will now become an annual part of the local Conservation Authority's duties. Field Officer Michael Chubb takes a sample by plunging a hollow stainless steet lube through the snow to ground level. The depth is then recorded.

The tube is withdrawn and the end is examined to make sure that ground level has been reached. This is evidenced by the tufts of grass or bits of dirt clinging and to the snow or the bottom of the tube, which is equipped with a cutting edge to go through ite or hardpacked snow. The condition of the earth may also be determined at this point.

After dirt and grass have been removed from the enveloped. This weight is subtracted from the weighted. SEVEN-UP ONTARIO LTD.

RILL DELINE LIMITED

Principal Lealis Reid, sealor coach Max Wooley, junior sech Jack Siason and sthietic director Johanny Hayman does wooderful job with the Quinte teams. We noderstand that the senior team lost only one game all season, ad that against a strong championalip team from Kingston, the Saints' fart exhibition game of the season

the axion's first combinion game of the season. The byes insanctive determs this praise for a six will done in Saintsky's terramanent. The Saints, that is the sainter clash, detected last years's championable cells from Ondown in the some-finals \$1.44. Bill Green with I points and Exerc Whilers with ten set the way. Then in the Saint the bays dermod Peterbourch by a construction of the saint the bays dermod Peterbourch by a construction of the saint part of the ten part of the ten as part of the saint part

The Little Saints kept pace to capture the junior crown. They deshated Peterboro Juniors, who had had an undefeated eason until that game, 32,763, in their first game with Bob Followell littling for 18 and fitter Willow for 10. Quinte took the finals by a close 35-38 zoor over Ridmond Hill. Gary Davis sank: 13 points but once again it was a great team effort that won the title.

The winner from each of the prevince's eight divisions will be participating for the championship and also the

Providing a team loses its first game it is out of the run-ing for the Ontario crown, but remains in the consolation vision, which consists of all first-game losers.

Any team which wins the first game and drops the uxi, or drops the first two games, is all through. How-rer, the bern from Quinte are going all out for the cham-sembly and expect to be playing more than two games.

Lots of luck, fellows, bring home the bacon.

SETS MEET PETERBOROUGH

Hockey fams of the district who have had to take their booksy lately via radio and newspaper reports, or turn'd est of town to watch the occasional game, will have the opportunity to catch some first-hand action here

Ontario Minor Hockey Association executive members Patterson of Stirling, has announced that the Bellevit gets will meet Peterborough in their second round of the

Russ Suile's starry squad defeated Kingston by scores of 7-4 and 5-2 in the opening round. This series against Peterberough is a two-rame, cond-to-count affair, with the first till here Friday night at nine c'cleck. No date has been set for the return game in the Liftude City since lost time up there seems hard to obtain these days.

According to Patterson, who does a fine job with fulnor playoffs in this district, this series is part of the Ontario semi-funds. Believillo and Peterborough are the only teams left in the esst.

In 11 UP vest there are alx teams still in the running. Sirsified and Klitchener are playing now, as are Water-to-and Owns Sound. Chatkam meets the Klitchen-Siratfeed winner while St. Calkarioes needs the Owns Sound-Wateries winner. The fails for the all-Ontario midget "A" champlenthip will be between his Belleville-Fetchbeurgh; victor and the winner from by west.

n't forget, game time is 3.06 p.m, here Friday, and good bockey. Better take in the game.

Meanwhile there is a hard-fought battle going on be-tween Marmora and Campbellford for their intermediate "C" group champlonship and the right to advance in OliA playdown.

The series now stands at three games to one for Campbellierd with the fith game-in Campbellierd to-night at \$38. If a sixth tilt is necessary it will be in Marmora or Prider when!

Rivalry is keen and Marmora is confident of victory

The **Bell Telephone Company** of Canada

To provide a portion of the funds required for its continuing expansion program The Bell Telephone Company of Canada is again making an offer of capital stock to its shareholders.

Shareholders of record at the close of business on March 12, 1959 will be offered one additional share at \$33 per share for each seven shares held at that time. This offer will expire on April 23, 1959.

We recommend that all shareholders of the Company be prepared to take advantage of this offer. "Rights" permitting them to subscribe for the additional shares will be mailed on or about March 28, 1959.

RALLY ROUND THE FLAG, BOYE!

53 DUNDAS ST. E.

By Garry Alexander

"This is the best hockey club we have seen in Europe, yes, and the best heckey club we have met in a loar

That was Billy Reay between the second and third lods of yesterday's world tournament game. He was sing about Russia. And while you can hardly Judge the lilty of a team by Hatening to a radio broadcast, Billy's tennent sounded very much like the truth.

The Maon best Russia 3-1. But what a hockey game was! The tension here was terrifie. Imagine how it at have been in Frague, Cucheslovakin.

Gordie Beil in the Mace set apparently was the here of the game. He stopped abet after abet and rose to great heights in the second period when the Russians had must take best of the play. Nikolal Fuchkev in the Russian gull was little loss terrific.

By the sound of the game the Russians had a territorial e and gave Gordie picnity of work while the Macs broke ty and tested Puchkov time and again with clean hard

the Hildebrand's goal, making it 2-9 in the third, likely the deciding point in the contest. Had the stans secred their goal first the result could have been

The Busians never quit. They bombarded Bell after it was 3-0 and finally secred a goal. Then came one of the game's few penulties when McLellan was off for tripping. Many a Canadian beauthed easier when that one was ever, we imagine. We know one that did.

Both teams played it clean and played it well. The Macs took three of the feur penalties. There was no indication of two countries playing against each older just twe great hockey teams. That is the way it should

To Bell, for his great goal hosping, to Boucher, Hilde-nad and Bennii for their peaks, to the defence and the wurdt, the manager and the coach, to "Winner," whose subhey robbed sgain and again, we say "a job well now." And that lees for the Reministra too. Union we im our gross they have a great club which just run to one a little bill greater.

But there is more shead for the Macs and for the Rus-sians, too, as far as that goes. The tournament ends Sun-lay and there can be many a slip as the old saying goes.

Come on you Macs. There is only one thing can stop you now. That is over-confidence. Let's be sure all the way and when Wednerday, April 1st arrives. Belleville will be welcoming home the world champions:

ACCRED THACUE PLAYOFFS

Whitly, Cornwall, Kingston and Hull are producing plenty of good played hockey in the Entern Louges semi-inals. This department's only repret is that sur own Believille Moses are not in there's playing for another Allan Gras. Octable at Brittle Barbet we can't think or anything more exciting than allayed hockey.

There have been two surprises in the Whitby-Cornwail as to date. Both of them Cornwail victories. Just at everyone expected the Dunlops to mop up the ice lanes in the Chevises and as far they have done just that, but yin the Whitby rink. Down Cornwall way the Chevies o electated Whitby 3-2 and 5-1.

While the Chevies still trail the series three games two, having lost 4-9, 5-2 and 7-2 decisions in Whithy, see have certainly given the Dunlops a surprising battle.

According to the Cornwall press, two men, coach Murph amberiain and goalie Lou Crowdis, have been the main son for the Chevies' excellent showing.

eason for the Cheviet' exceitent mowing.

Crawlls was obtained from the Western League just
before the playeds stated when Gerry Devancy of the
Carries was said suffit is play by the Chevies was said suffit is play by the
Leaf the hatthese of
the citab in both victories. And last Saterday when
Whilby won 1-5, a beame Crowdie stopped 18 shots in the
second period and did not allow a peal, while his matter
could not get one take as blooderease in the Dunley set.

Chamberlain's stratery it also being given a great deal or credit down in the Seaway City. Morph ordered his boys to bumy Walthy around last Sunday. Cornwall won 5-1 and even Citff Gordon and Wren Blair in the Oshawa stories, admit that the Chevie's heavy hitting played a major part in the Dunlops' defeat.

Whilly will win the stries, may even wrap it up down t tought, but at least the Chevies have let the Dunshow they were in a real series.

Meanwhile in the other half of the semi-finals Kingston and Hull are battling away hammer and tongs with the set tied at two games each. They play in Hull tonight and back in Kingston Saturday night.

Kingsian teek the opener in Hull 4-1. However, San-my Politeck brought up Beb Roussan, J. C. Tremblay, Andre Tardir and Giller Tremblay from the Junior Habe for the next two gamles. Hull won both, 5-1 in King-sion and 3-1 in Hull. Truesday night the Merchants tied the perice with a 4-0 win at home.

It has been a rough and rugged affair so far with pan-alties by the gross, injured referees, a protest by the Mer-chanis, protested goals and what-have-you. Pollock can only use his junior stars for three games rifer January 1st, if they are to revert to junior for the Memorial cup play-

On this basis we are forced to pick Kingston to win in seven games. Since we are already out on a limb we might as well go all the way. Whithy will kneck off Kingston in the finals four games to one.

In order to be sure of one prediction coming out right we will conclude by confidently stating that tomorrow will be Friday the 13th.

REVISION OF TELEGRAPH RATES IN CANADA

Canadian National Telegraphs and Canadian Pacific Communications have applied to the Board of Transport Commissioners for Canada for authority to increase telegraph rates within Canada by 10¢ per ten-word full-rate message, with increases of 1¢ per extra word and proportionate increases for day-letters and night-letters. These revised rates are made necessary by increased wages and other expenses

The Board of Transport Commissioners has directed that a scale of the pro rates be made available for public inspection at all Canadian National and Canadian Pacific Tolegraph offices. These scales are now available for perusal. The Board has set Tuesday, April 21, 1959 as the date for the formal hearing of the application of the Telegraph Companies and has directed that the public be notified by meane of this advertisement that representations in respect of the new rates shall be forwarded to the Secretary of the Board of Transport Commissioners for Canada, Ottawa, Ontario not later than Monday, April 13, 1959.

By II a.m. Sunday the boys should be relaxing in the dressing room in Frague, sealed around the biggest prize available to any amateur bockey team, after having com-pleted the job they were sent to do.

Sports Editor Carver reports that the European press is hailing the Macs as the best town to ever represent Canada in the tournament. We are not going to argue the point one way or another. Whitby had a mighty good team list year

Several things have spoken well for the Macs in tournament. Their goals are well distributed for thing, although Red Berenson is still tops with eight.

But the detensive record of the club is very impressive. They have scored \$2 goals and allowed but three in six tour-nament games. The only clubs which have been able to score upon the Mees are the Czechs with two and Russia with one goal. They are the second and third best clubs if the 12-team fourney,

The Macs defence has been one of the Caub's strongest points. Moe Benoit, Floyd Crawford, Al Devsbury and Jean-Paul Lamirande have all earned and received high praise, from opposing players, the press and radio.

. . . There was some surprise shown here after resterday's game which the Macs won 5-9. Some people thought the score should have been higher. Personally we were quite happy with the 5-9 score.

nappy with the 3-w Keen.

The boys found it very hard to "get up" for the game.

As we said before, when you have beaten the best team you are gints found. It is pretty hard to keep that share, we will be a seried to the said to keep that share are a poor team. And don't think the Sweder was a poor team. With the Canadian coaching of Bodder Right the Sweder might we'll have the said of the said that the sweder is they had not lot everyth key players through injuries.

The Macs seemed to travel along at an even pace yesterday with one goal in the first, two in the second and two more in the third heat.' Edwards and his defence had little trouble holding off the Swedes when the Macs drew the only three penalties of the contest.

Gordie Bell took a well-deserved rest and Joh Gorde Bell took a well-deterved rest and Johnny ac Cellain as to ut the fixture because of a banged-up knee. McLellain's injury is not bad enough to keep him out of the weekend games, according to preports. Goose Gossello, who did not play against Russia, returned to the lineup and baged his sixth goal of the tourney. Hee, who has been gestling one a game lately, Lou Smrke. Bart Bradley and "Wiener"

Every member of the team is pulling his share. That is the mark of champions, "Champions," the most suitable word we can think of to describe the Belleville McFarlands.

Six games down, two to go. More, Macs More.

While on hockey, this is just a reminder that the Belleville midgets clash with Peterborough here tonight at nine o'clock. This is the first game of the Ontario mid-get "A" quarter finals, not semi-finals, as was first re-

Prairie Farmer James Gladstone Leaves Alberta Ranch for Senate Chamber

On May-12, 1958, James Glastoma, revered Blackfoot Indian Leader, was sworm in as the first Indian Sensor in Canada history, Gladstona left his partie ranch to take a search the trackly red plank Sensor Chamber, where he will speck for the nation's 140,000 Indian. Above he chars with Specker of the Senste, the Hon. Mark Drouin.

Long-time resident of the Blood Indian Reserve, Gladsone bears the tribal name of Senator Gladsone with his wife, Jaile, strired in native costume, meet with Chief Aky-na-mucha, which means "Many Gura", but when he speaks out as spokenman for his people, Gladsone relies only on his softly persuasive voice and the strength of his proposit for reviewled to Octavar from Glichon, Alberra, to present certain problems possit for reviewled influin legislation based on a close study of conditions among Canada's connecrating their people before the Senator.

Gladstone shows his official Senate appointment to his grandson Jeffery. His oldest son Fred manages his 720-acre farm while the Senator is in Ottawa.

Noted for many years for his progressive ideas about farm methods, Gladstone and his 2 sons own a prosperous ranch-farm with 400 Hereford cattle. Early in the 1920's Gladstone introduced the first tractor to the Blood Indian Reserve, has campinged steadily or recourage his Indian neighbourts to accept modern farm practices and techniques.

On the Indian Reserve near Cardron, Alberta, the Senator chars with 85-year-old George Callingiate (centre) and 72-year-old Howard Hindman (right), Gligstones, an earnest champion for his persple, is quick to remined Canda's Indian population that they too meat share some of the respective field of the providence of the state of the respective field of the state of the state of the respective field of the state of the

A bright new pennant will flutter over the los surface Belleville Memorial Arena, Joining the one there new nich reads "Allan Cap Champions, 1937-38," when the ening bockey whistle sounds next fall:

The new one will read "World Amateur Hockey ampions, 1853." It, like the first, will belong to the Heville McFariands.

Sunday morning, arould 11.25 EST, the Macs completed the job of relaining the championship for Canada. That was the job they were sent over to do. It was a tough assign-ment, the Macs found out excelled poor tough busdes morti-ing, but they did it. Believille and Canada are proud of the Macs.

They won the championship by ending the tourna-ment with the best record of any team entered. They won the preliminary round and qualified for the finals by recording three wins in as many starts.

The top six teams in the competition played in the finals, i from the results we would say there certainly were to of good hockey clubs there.

The end result shows Canada with four wins and one
They scored 21 goals and had seven scored against
The Russians, who won the European crown, also
shed with four victories and one setback. But they
red 20 goals and had 10 scored against them.

And so the world hocker championship was decided by the roal spread and the McFarianda got the nod by a four-goal margin. By subtracting the goal-sagniast from the goal-for the officials aboved Canada with a plus 14 and Russia with a plus 18. The difference is four, a mighty silm margin.

There will be people who doubt the Macs' ability because they lost one game. We are not among them. The Macs were the best team in the fournament. The Russians were the second best team.

We would like to see these two teams meet in that earlier-proposed sudden death game for the crown. We are confident the Macs would win. So are we confident that if the Macs had not played Russia until the last game they would now have an undefeated record.

The Macs were "up" for the Russian game last Wednessey. All during the preliminaries they were working towardat big game against the Russian squad. And they detacted the second best team 3-1, the team they knew they ad to beat to win the championship.

They won every game on the way to the big one and they would have, won every game too had that Russia till been the last in line. They were building up for it. But when it was over, and woo, the edge silpped away.

Newspaper reports, officials and just about everyone, ceded the title to Canada after Wednesday's game. The is know they had three games left but try as they might re was no keeping that raxor-sharp edge intact. They beaten their best opposition but the edge was gone.

If Canada had had to win Sunday's rame to take the crown they would have been up for it. But the Crechs were out of the running. The only way the Mass-could lose everything would be to lose by a seren-goal spread. They were sure they would not do that. In fact

But from the beginning of the contest it was evident that Czechs were going to be troublesome. They had noth-to lose but a whale of a lot of prestige to gain by beat-tying or even holding the Macs to a close win.

They played the game of their lives. The Macs feught gamely but with the edge gone, and thred from the game against the U.S. over only 18 hours before, they were no match for the hometown Czech squad.

The Creek goalie stopped the Macs cold time and again, forwards were flying in this last fiing before their homen fans, numbering some 15,000 and the defence was hitten. They had nothing to lose.

Meanwhile the Macs were not at their best although they battled grimly until the last whistle. The Crech for-wards were getting behind the Mac defence and the Mac forwards were missing the net in close. To sum il up the Crechs were the better clob on the day's play.

Penalties numbered eight for Belleville and own, for Crechotovakia and this did not help. On two occasions the Macs were two men short. Buf in their first game against the Czecha, when the Macs were building up for the Rursia game, they had a wide edge in penalties too. But they still whipped the Czechs 7-2.

in a last desperate bid to gain at least a tie coach lke Hildebrand lifted Gordle Bell from the nets and sent on six attackers with over two minutes to play. As happens many times when this move is made the Caccha scored on the open net for the final 5-3 score.

hampionably.

And so is the team goes congratalisations for accompilating what it set out to do. We say well dean to manager Drury Desoys and help the say that the set of the s a everybody else put togeth

ation Bulletin, found its way to this dosk the other

Had it arrived a little earlier the McFarland players families might have felt a little more at ease while the boys were taking part in the world lookey tournament over

Anyway the story deals with the extra precautions taken to insure all players were kept in good shape dur-ing the world tournament.

An organization called "The Commission of Health Workers in the Union of Czechoslovakia Physical Training and Sports," it says here, received additional surgeons and specialists in hygiene and internal medicine.

The licen says nurses and volunteer workers from Czechoslovák Red Crobs took a special course for the runnend. The first sid sixtions at the Frague stadium re equipped with new surgical and medical equipment, a stadia where the preliminary rounds were played rived the same irrealment.

At the stadia air conditioning was installed, first aid sta-ns were set up at hotels, special menus for the multi-formal guests were supplied and rapid transportation pitals in case of serious injury or illness was provided.

Those in charge of such matters missed no bets according to the story. Physiotherapeutical apparatus, solution rooms, masseurs and other facilities were also at the disposal of the teams, claims the builtetin.

It would sound as if the Czecha spared nothing to in-sure their hocker-playing guests of a healthy stay... In all probability the Macs took advantage of the facilities provided to fight the flu bay which has followed them during most of their stay in Europe.

A recent issue of the Department of Lands and Forests Bulletin, Tweed District, tells of efforts being made to halt the spread of coarse competitive fish to our speckled trout

Restrictions in the use of live balt have been imposed, through tertalation, on a number of Tweed district lakes. The lakes which are restricted against the use of live balt have signs posted at portages and roads leading to them.

According to fishing authorities, once perch, rock bass other competitive species find their way into speckled frout ters, it is only a matter of a couple of years until these ters will no longer support speckled troot plantings. As exalt stocking is discontinued and usually these lakes are undoored by anglers.

So how about it, you dahermen. Co-operate with the Department of Landa and Forests in helping his keep our speckled trout lakes free of coarse fish. You are the ones who will benefit.

It is not that the boys will not be welcome home. Let's sot that straight before some guy comes up with a smart crack Boy the straight take some time to complete arrangements for the homecoming cetebration.

Mr. Leighton Thompson of the city hall, contacted manager Druly Denyes yesterday afternoon to clear up the matter. Drury said that the players will arrive home, the planned, one wednesday afternoon, April 1st, at 2.36

There will be a homecoming this Sunday, however, but ill be the press and radio representatives, and fans, etc., will arrive here, not the team itself... * * *

According to the schedule presented to us before the fournament the Maos will be playing three exhibition games in Caccolorwhia. These exhibitions were scheduled for presentably, to Gody and Thursday... Following these games the Maos involt le London on Friday and will play against Wembley on Saturday, Nottingham on Monday and Rightion, Treeday.

set everything aside for April 1st when the boys their triumphant return with the world trophy, 60 and 31 hockey games after their departure.

LITTLE GREEN MAN

"We've got this big Booster Club meeting Wednes-day night and we want every good red-blooded Mae fan who is willing to help with this orithration to come ent," ratifed the club president as he moved toward us so quickty that the green of his ivy leagues blended in with last year's paint on the editorial room walk.

He slowed up for a second, wondering who would dare wave red blood on March 17th, we suspect. "That was a refrife parede and all, last year when our boys brought some the Allan Cup, but with a little co-operation we hope our pass even that great event on April 1st." he fired as is green bow tie, with polica dois to match, boobled up and own at a mile a minute pace.

"When those beys set foot on Quinte soil we want to have a recordion witting for them that will prove pin hew much we think of them. They are the world champs and the best darn team that ever played in a world cor-named or any other as far as that pross. Bring on the Casola, the Runsians and the Dunlops, we'll take 'em one as a time or all at once."

The little man was really flying now and since welly had another ten hours before they locked us in for thight we decided to interrupt by asking what time the setting was to begin.

For the second time in half as many minutes we shaded eyes and gazed toward the "Little Green Man" and ed a halt to the show by asking just what he wanted.

"I want you to get some people out to that meeting which was a state of the people of

When Her Majersy, The Queen, officially opens the St. Lawrence Seaway on June 26, 1959, a project of unsar-passed granders, an understraing which is a fitting orbate to the engineering skills of the Schwich is a fitting orbate to the engineering skills of the Schwich is a fitting orbate will have come to triumphant fulfillment. The mighty, rapids-ridden St. Lawrence, which 325 years ago halted the intrepid explorer, Carrier, on his daring voyage into the hearthand of North America, hus, at last, been tursed. Today, almost 2 years of feretain activity are coming to

on end, the sumies of construction workers are preparing to depart. The Seaway, to the casual observer, appears despritudy implie, for its like an includer with the greater part of its intrieste physical components and compilered machinery bidden underwater. But what is visible is still enough to impire wonder and deep respect for the men who conceived and carried out the project and the present of the thirty, which taxed the skills and daring of so many to keep her in check. Abow, the lock at Iroquois, One, most westerly of 7 new locks constructed for the Seaway.

The work went on summer and winter, often in the face of staggering obstacles, and sometimes with crews engaged on "crath" programs calling for hereulean efforts on a 24-hour a day bass. Hundreds of huge and ingenious pieces of machinery clawed at the bed of the great river, changing its ancient course, and reshaping it to the needs and

design of man. Above, first steel is hid for the superstruc-ture of the Mercier Bridge, one of 4 bridges in the Mont-real stra which had, to be partly rebuilt to provide 120 foot clearance for the giant ocean freighters which can now sail 2,300 miles inland to the heart of one of the great

The Scaway opens the St. Lawrence and Great Lakes area to 80%, of the world's silt water fleet. Everything except the largest intens and great naval ships can now move up it. The St. Lawrence waterway has become, in effect, Canada's fourth seatond, a brisk new main street of commerce has been added to the nation's economy. Large ore

carriers from northern Quebec and Labrador can now pass upstream to the roaring mills, which doe the inland lakes; the rich harvest of Canada's prairies will more swifely, economically, down to the Atlantic, and great lakes ships can now steam unimpoded down to Montreal and other lower St. Lawrence ports.

A vast armado of men and machinery converged on the St. Lawrence in the autumn of 1954 to begin the task of digging the big dictich — 22 Too occ hannel — which would bypass treachtrous rapids and carve the St. Lawrence into a ravigable passe, to link old world trade routes with the growing inland cities of the new world.

A young engineer checks his sights along the seaway route, and throughout Canada and other countries around the world, industrialists, shippers, farmers and manufacturers are raising their particular sights to participate in the vast economic upsurge which the opening of the Seaway will set in motion. The first group of returnees from the world hooksy hamptouships in Prague arrived home Tuesday night and from all indications were very happy to be on good old handian sell again.

Dave Jones, with his broken wrist in a cast, climbed train along with Sports Editor George Carver and G Berelay, father of Mac trainer Don Barelay.

Others who have also landed include Wally Lavergn Lenlie's Shoe Store, Pete Conacher and "Red" Berenson

Erremon left the rest of the group in Montreal and from all reports headed straight west. "Refe" plans on cloning the Region Pairs for the Janker A's Memorals Cup playforms. Local sports fram the Memorals Cup playforms. Local sports fram the feel was a the header news from out west where, unless we mis-our gooss. Beremen's name will be very prominent. He is a great headerly player.

Dave says he will be off work for a while, althbugh he won't know exactly how long until his doctor here has ex-amined the wrist. Dave is right handed and it was this wrist which he broke.

Queried as to exactly how he received the injury, we confirmed that it was strictly an accident, and just of those things that happen during hockey games.

"It was not a hard check but I happened to be a bit off balance near the boards when I was hit," he said. "There is a netting on top of the boards and when I went into that my shoulder sunk in but my wrist and hand were lapping over the boards."

"They fixed me up pretty fast and I was back in time to see most of the game," he said. The injury occurred during the opening minutes of the first game in the tournament. Canada won the game 3-6 over Feland.

Asked what he thought of the trip Dave repiled: "I certainly enjoyed it, after all: it is a once-in-a-liftedime deal, but I would not want to go again for a white. The scenery was wonderful and different, and when it is the first time over, you see a lot of sights you will never forget.

"The toughest part of the trip was just laying around during the fournament while the rest of the boys were out there playing, not being able to get the blades on and give a kand," Days said.

"All the boys played well, and it was a terrific thrill when they presented Floyd with the world champloablip trophy. And don't think it was a walkaway. There are a ot of good hockey players over there," he concluded.

George Carver was another happy to be back home. He said he nerve realises how good a Canadian bedoomle feel until his first night back.

Tired from the travelling and the excitebent, George is grabbing a day's rest before going into details about the trip. This space will probably be filled for some time with interesting tales about the last three weeks' activities, written in his own infiniteble style.

In this case old man winter must be on his way out, eady the men of the Belleville and District Softball loop e met once and will get together again in the near future. But right now two groups have arranged for their tial meetings of the season next week.

*John Vandervoort, secretary-treasurer of the City emmercial Softball League, passes along word that a secting has been scheduled for Jucatay night. March his meeting will be held at the police station at 7.20 p.m.

This is a general meeting and all team members, as well my other interested persons, are asked to attend.

On the following night the Bay of Quinte Umpires ociation will hold its initial meeting of the year.

This one is slated for Moira Street firehall at 7.30 Wed negday night and all present umpires are asked to be it attendance. We understand there is plenty of room for any other gents who would like to take up the occupation and

An election of officers will also be held.

they carry the spirit of favoring the underdog to a far er extreme than their western counterparts. Yet in sext breath they cheer to the echo a brilliantly-exe-play by the favorite.

For instance, in one game the Cooch contre break into the clear from the opening face-off. He raced in so Gordin Bell with not a Mas within checking distance Gordin never mered an inch. The Caech crowd jarred the rafters with a treasendous roar as their favortic let go a shet, from 38 feet out.

It was the same at the post-tournament ceremonles o Czechs finished in third place behind the champion Can-ans and the European title-winners from Russia.

But when Captain Floyd Crawford of the world champion McParlands stepped to the centre pedestal to receive the flower-inden treeply, the statisms recled to the applanes. Nor was it icm when the Russian and Cuech captains took their places on the second and third-pedestals to receive their awards.

Waves of cheers resounded when Canadian players sented their hockey silcks to Czech youngsters. The lause was even greater when Gordle Bell 1sat on the rick, picked up a Czech kiddle and posed with him for

They write their stories and criticism from first-hand facts, not garbiol radio reports, or private opinions of individuals. They do not clutter up the space of their newspaper with heary statutes and comparisons of the current team and that of the last world, fournament.

When the McFarlands defeated the Czechs in the first not they headlined the story "Czechoslovakia Strong — and Very Strong."

They did see weep typewriter tears and remind their readers that held years how with the same odded eterestic would have insted violent and the same odded eterestic would have insted violent and the set of the seek would be the seek of the seek of the seek of the world that their Whilty equivalent had a much better league receed. They do not do thank the their Cockositewakis where spectomanship is a proof weed, and the current issue is the thirs.

The defeat of Canada at the hands of the Czechs was manna from heaven to these sceptics, who had pro-ested possible loss of the world title because, in their mion, the Macs were not strong enough.

"There must, however, still be some uncertainty about the truth."

The Times says it is difficult to assess the authenticity of the plot, although the government document has disposed of charges against Armitage that he was "jockeyed" into action by Sir Roy Weleasty, prime minister of the Rhodesian Federation.

"Anyone who reads this report in will quickly become convinced that, whether or not he himself believes the story of the murder plan. Sir Robert Armitage certainly did and that all his subsequent actions were directed at foiling the plan." The Scotisman says it is impossible to the plan."

The Scotsman says it is impossible to judge the accuracy of the reports and calls for a parilia mentary or judicial inquiry in Nysaland disturbances.

The Daily Mail describes the document, however, as a "call and coherent account" of event

white spiral staircase led to the hotel balls
r above. Walters hovered over patrons in the
ng salon at the rear.

From the ballroom came the beautiful string music a Croch erchestra. There was no rock-n-roll, no live-was hauntingly sweet, the work of the old Carch

There was an air of expectancy about the place, for, as it was learned afterwards, this was the day of the scheduled fashion show.

There were two commissars from Red China dreased in loog black costs with case of the same color. They are accompanied by sharpy-haired, sleepily-dreased wel-men. They looked neither right nor left. Nor did they change expression.

men. They looked seither right see set. Aver us us, and change expression.

A handsome young medical stolent from the Sudan A handsome young medical stolent from the Sudan Barelay of the Canadian contingent. He was attending the University of França, said to be the oldest medical school in the world, being founded in the 13th century.

The Canadians were scattered throughout the lounge the Canuck "foreign correspondents" huddled in their private spot near the door.

Dinner-jacketed waiters fitted allently through the loange serving coffee and other refreahments, mostly wine, the favorite beverage of the better-chas Coccho-slovakians. The correspondents, in the main, slpped the world-famous Caechoslovakian pilsener beer.

"If I just had one small brewery in Canada that sould put out such nectar as talk," quipped by, hand-some Louis Chassis of the CBC French network, "I would put all those bir shot Canadian sudamakers out of business in a week."

There came a fanfare of music from the ballroom

However we did not have to wait long. A long-haired beautiful blends model came haltingly down the white armi-spiral statronse, always turning to give the patrem the full benefit of her dress creation.

She reached the lounge and modelled before each table before proceeding hig the dining saloon where she repeated the performance.

There came a sigh of disappointment from the foreign orrespondents' table.

"Do you mean to my," asked Tem Benson of the CBC radio, "that we have waited this long and they're not going to show us any?"

"Any what?" chorused the troupe.

"Bikinis," came back the irrepressible Benson

There was a note of Canadian comedy which could recly be called funny in politic European circles.

It happened during one of the intermisions of model-ling. Conversation had fallen to a low hum. It was quiet in the louinge. The waiters were standing in their accus-tomed spots, eyrse sweeping over the room.

Suddenly over the soft music and conversation hu mend a lond Canadian voice, "Hey, where's my milk?

Later in the lounge we met one of the world's great-est runners, who with his wife are national sports heroes of Czechoslovakia. They were Emil and Mrs. Zapotek.

Mrs. Zapotek was the world champion javelin throw lie her husband made world track history a dozen time is now a lieutenant colonel in the Czech army.

Asked how he accounted for his remarkable speed of, the colonel smiled and said, "How could I be slow. s. Zapotek was behind me all the time with a javelin."

With wonderful SPRED SATIN it takes less time to paint a room, than to choose the color scheme!

Yes, Spred Satin – the wonderful Glidden latex paint – makes a really big difference when redecorating! It brushes or rolls on so easily and so fast you save hours of effort . . . and it has such high covering power you save money too! Spred Satin dries extra fast . . and is so wonderfully washable its beauty lasts and lasts for years!

With amazingly easy, delightfully quick Spred Satin everyone finds decorating fun—even those of us who admit we're a little bit lazy about painting! Try it and see!

And remember, for all your woodwork, get Spred Lustre . . . the perfect partner for wonderful Spred Satin.

Toung Canadians Swing Their Partners

Old Time Dancing with a Future

Square dancing is proving to be popular among students of all age groups. The origins of the dance are unknown, silhough it is generally admirted that the basic steps were borrowed from European dances. Above, Suzanne Blais and Pierre Manseau "walk under a bridge" symbolizing Quebce's old covered bridges.

It was while attending an international festival of folk-dances that teacher Monique Bourdeau got the idea that the day would come when a Canadian troup of folk dancers could tour the country and abroad bringing a Canadian steesage of juy and happiness. To achieve this aim, folk dances will have to be practiced extensively all

over the country as Miss Bourdeau believes that a good knowledge of these dances, coupled with ballet dancing, will help to create a true Candiding group of folk dancers. In the meantime she directs with enthusiasm a group of youngsters in a polka step. The gills are: Lina Guertin, Suzanne Blais and Suzanne Tremblay.

The organization of students' leisure hours was initiated to fight juvenile delinquency. But its scope was 500n greatly enlarged and today, from coas to coast, these extra curricular activities are regarded as part of the formation a child receives at school. Younguest ahwa excepted the idea with enthusiasm and they organize their own clubs and associated the companies of the c

tions and plan their own nights of fun and dancing. Even those who are too young for the Saturday night dance greatly enjoy square dancing. Teacher Moningle Bourdeau illustrates for a group of attentive students some of the basic square datines steps.

National Film Board of Canada Photos by Gar Lunnery.

While it is easier to recruit young girls for these dances, boy, who at first are stiff and bashful, soon learn the intricate step and become natural leaders. The caller, usually a nan, directs the dancers in the execution of the steps. After hours, of practice, the dancers learn to dance without assistance from the caller.

"Swing your partner" is the signal for a well-executed derwish-like swirk. With skirt flying Lise St. Louis is led into the step by Andre Leblanc. Originally square dancing in America was performed as a celebration after a new barn had been erected. The workers and their families thus relaxed after long hours of hard and skilful work.

A TECHNICOLOR TREAT Also DONALD DUCK

RARE, MEDIUM, WELL-DONE

By GEO. H. CARVER, Sports Editor

Ain't life funny. A bunch of fourth-rate young pro-bockey players who swept the National Hockey League cellar all winter came up with a pair of good performances, smaked in the back door to a place in the playoff circle— and were promptly halled as Tupermen.

On the olber hand a group of "lired old pros" (the rest of the error was seldon meniloned) went everteas, defeated the best Europe could produce, won the world's title and were told they were locky to win because they did not play good booker.

Speaking of young pros, since our return from the land of goulash, knoner and "Sio-Ho-Ho," we have been queried as to what Red Berenson intended doing as far as his heeker future is cencerned.

The ready-tempered young sorrel-top from Regina (Ike told me once, "show me a guy with a temper and I'll show you a hockey player"), was an immediate hit with the fans wherever he accessed.

His first rush on Belleville ice in his lone appearance here before going overseas, swept him into the hearts of district fass. It was the same in Europe, especially in Czechoslovakia.

Caccholorana.

Le Bratilaiva on the banks of the beastiful muddy
Dambe, where the cars and the pleasure beats play, Red
almost took the Behemians by sform. Ills breakaway
and subséquent dippr-doedling to dete the scalle and
score, I think it was against the Flinns, had the local
genter club "Slo-ha-Ho-lary" for at least a full minute.

We had a chance to talk with Red one warm sunny morning in Zurich, Switzerland. Red, Floyd Crawford, Pete Conacher and I fook off to do a spot of shopping, looking for Alpine hats with "beards," and other souvenit kulls-knowless.

Berenson, as is more common knowledge, caught the eye of the Montreal Canadiens' brass by his dazzling performances in the 1958-59 Memorial Cup finals between the Rel gins Pats and the Baby Habs.

They daugited a reported \$16,000 two-year contract under his nose but the nine teen-year-old. Western flacts was wise enough to turn it down.

Wise enough, as he told us in that little Swiss sou-venir shop, to know that he wanted a good education dirst. He wants to be a civil engineer and as is known, was al-tending the University of Michigan on a hockey scholar-

"However," he added, "I might be induced to quit school for professional backer If the price was right." How much? Red shrugged his shoulders.

Didn't he think he could finish his university graduate in three years, then enter the pro ranks?

"Yes," replied Red, "but you must remember we play
a different type of nockey in American colleges than we
do in Canada. I would not want to ret too rusty and
loss the opportunity of joining the press, because that is
what I want."

We tried a shot at random. "It would be nice, and I'm sure Belleville fam would appreciate it if, say, you enrolled in Queen's and played hockey next year for the McFarlands."

Red threw back his head and laughed. "That sounds very nice but I'm afraid it is out of the question. I owe a certain amount of loyalty to Michigan."

"Enough that if a pro club offered you a fat contract, ary something like a Jean Beliveau deal, you might put loyalty to school saide:"

"That," beamed Red, "is a horse of another color."

Red was schooled in the arts and wites of international rules long boron he joined the McFarlands, for that is the type of hookey they play in American colleges. He wanth quite adapted to the continued hooking and slashing of the European culbs, but they soon discovered Red believed

an eye for an eye.

He is a spirited hard-skating, hard-playing youngster with intense dedire. He always plays to win and never looks down nor backward. And it should not be too many seasons hence before you see or bear of Red wearing a National Bockey League sweater with or without seasons of a gettere disjonar.

BUILDING AGAIN

The dreams and hopes that crashed today Need not tear down the heart, They'll cast a gleam along the way To shape a new staunch start.

The love that seemed so frayed with c The faith now bruised and dead, Will rise again if washed in prayer, Will lift a downcast head.

And stoop and build once more; Soon Resurrection's brilliant hue Will slow within your door.

A message to all users of delivery vans!

If you are now, or shortly will be in the market for a new delivery van, you are undoubtedly wondering which van offers you most for your investment. You will look at them all, price them and compare them feature for feature. That is as it should be. We merely suggest that you make it a point to include the new Bedford van amongst those you consider (it is now in plentiful supply through all the dealers listed below). We believe that no other van offers you so many important, practical advantages... such as convenient, sliding front doors-extra large loading space - amazing manoeuverability - durable, welded steel construction...all for such a sensible, truly economical price. After a thorough appraisal of these, and many other Bedford features, we think that you will decide that Bedford is precisely the van you need.

It might not be a bad idea for the Canadian Annieur
Mockey Association to invite some of those European
sportswriters, especially the Scandinavian type, over here
next puck semester, to watch some of our maybende moppets go through their lociane paces.

Some of the Nordic typewriter ticklers have gone public prints with their disgust of Canadian players adian tectics.

First it was a Finn who dubbed the McFarlands "hoodinms" and told them to go home and learn the ABU's of sportamanship. Now up bobs a Norwezian who apparently had one ere closed when he saw the Macs in action for he tabs them "semi-hoodinms."

The Norsky look: plenty of time before he flipped his typewriter lid for thousands of sardines have gone through the canneries since the close of the world tournament. He had his fill of watching his favorite sandwich filters froile in the family flord before he like to the blast of the Marx.

It is true that hard, hay belongs to the Canadian stayle he if annial her right that a special nation shall be the description of description of the control of the control of the while others made out their beets in the penalty hox for malior size.

Nilsen said Al Dewsbury would be an attraction as a professional principaliter, but then he would have to count on counter strokes. The worst of the Canadians exploited the passivity of the refereer. They scared off other teams with hele violence so that few dared to close with them."

Big Al never threw a single punch at an appearent during the entire iournament, although-braven knows, he was provoked beyond hounds of reason several times. What Nilson missed or preferred not to write was the big Canadian defension was a national here in Cerchadorvalia by the time tournament end rolled

of Health!

This minister of finance

says-

"Yes, we can afford it!"

Mother's decision has not been arrived at lightly. Her peek into her purse is anything but casual— for as family minister of finance she is also keeper of the budget. She weighs every important purchase carefully, because she has a dozen places to put every dollar... and only so many dollars.

The same problem—a dozen places for every dollar—is a familiar one to the Minister of Finance at Ottawa. His budget is around six billion dollars. This very large sum of money is spent through various government departments.

It's no secret how the Minister of Finance obtains this money. He gets it largely in taxes from millions of Canadians like you. If he spends more than he gets from you, he must turn around and borrow from you the amount he has overspent . . . or else create new money.

The creation of new money is one factor that leads to inflation — when the dollar buys less and less. So, as a thrifty Canadian, you are wise to ask government only for those services you are willing to pay for . . . with taxes.

Personally you try to pay as you go, to live within your income. It's important that government try to do the same thing.

You want to live well now and to realize all your ambitions for the best possible future. That future is tied up with a sound dollar — a dollar whose nurchasing power you can depend on.

A SOUND DOLLAR MEANS A BETTER LIFE FOR YOU

THE FIGHT AGAINST INFLATION NEEDS YOUR ACTIVE SUPPORT
